

**Bar Rest**

A handy accessory to be used in connection with power hack saw to support long pieces to be cut.

Adjustable to various heights, ranging from 24 to 31 in.

Weight, 12 lbs.

Price, \$4 25.

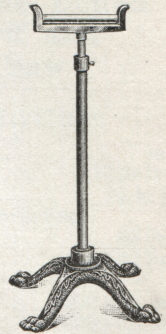

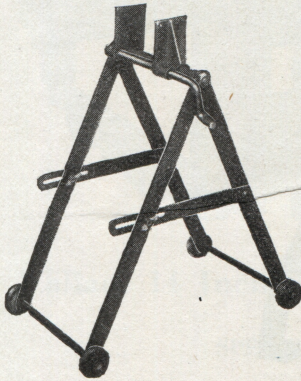

Fig. 1187

**Marvel Traveling Stand**

This stand is provided with a vise for clamping the end of the bar. Also rests on wheels so that when the operator desires to cut another piece, he simply pulls the bar and the stand rolls along with the bar. The height of stand where bar rests is adjustable from 18½ inches to 20¼ inches. Stand is made entirely of steel except the two vise jaws and wheels which are cast iron. It folds flat for shipment. Vise opens 6 inches. Net weight, 17 lbs.
