

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. LETTER OF TRANSMITTAL.

OFFICE OF INSPECTOR OF FACTORIES AND WORKSHOPS,
NEW ERA BUILDING,
CHICAGO, ILL., Dec. 15, 1902.

*To His Excellency, HON. RICHARD YATES, Governor of the State
of Illinois,*

SIR:—I have the honor to submit herewith the tenth annual report of the Inspectors of Factories and Workshops for the year ending Dec. 15, 1902.

Very respectfully yours,
EDGAR T. DAVIES,
Inspector of Factories and Workshops,

REPORT OF INSPECTOR OF FACTORIES AND WORKSHOPS.

CHICAGO, Dec. 15, 1902.

To His Excellency, RICHARD YATES, Governor State of Illinois.

GOVERNOR:—In accordance with section 9 of the act creating the factory and workshop inspector's office, I have the honor to lay before you on behalf of this department the tenth annual report of the work done, with such recommendations of additional legislation as my experience in enforcing the law has shown to be urgently required. This has been the most prosperous year since the organization of the department. Many of the establishments have enlarged their plants and new factories have been started in almost every part of the State. The experience of the inspectors of Illinois and of the other principal manufacturing States has shown the necessity of broader, more thorough and more efficient child-labor laws than those now in force in this State.

Twenty-one thousand six hundred and ninety-four inspections were made during the year, of which 2,139 were revisits, leaving a total of 19,555 establishments visited, being an increase over 1901 of 2,339 places. The inspectors found 511,902 people employed, an increase of 27,730 over 1901, which is evidence of the continued prosperity which has prevailed during the last six years. Of the 511,902 people found at work, 393,650 were men, 99,027 were women and 19,225 were children under the age of 16. We have inspected 136 towns and cities outside of Cook county. It is gratifying to report a material decrease in the number of children found employed. The figures of 1902 show a decrease of 614 from the figures of 1901. This is the first decrease in six years and the second in the history of the department in the number of children found at work in Illinois and when it is recalled that in 1901 there were 5,583 more children employed than in the previous year 1900 and that we report for the year 1902, 27,000 more people found employed than in 1901, it would be natural to expect an increase in the number of children found at work, but instead of an increase, we are able through the prosperous condition of our people and as the result of a complete and careful inspection of the State, together with a thorough enforcement of the law, to report a decrease from 4.1 to 3.7 per cent in the number of children at work.

When this Department was created in 1893, its jurisdiction was limited to the inspection of factories and workshops and at a time of unprecedented industrial activity and prosperity, the 40th General Assembly passed a law, which became operative the 1st of July, 1897, requiring the inspectors to inspect in addition to factories and workshops, all stores, offices, laundries, mercantile institutions, etc., thereby increasing the work to be done, but it did not enlarge the force. Year by year the number of inspections made have steadily increased from 2,362 made in 1893 to 19,555 in 1902 and so rapidly is the work increasing that it is impossible for the present force of deputies to properly perform the work.

Although we have made rapid advancement in the number of inspections, much attention has been paid during the past year to bring about some material reforms. Heretofore an employer was prosecuted for employing a child under 14 years of age, but no action was taken to further look after the interests of the child who either found another place of employment or ran the streets. Today immediate action against the employer is taken, the child is turned over to the truant officers of the Compulsory Department of the Board of Education and placed back in school. We have turned over the names of 214 children under the age of 14 through this method during the past year, and to thoroughly inform the employers of labor with the statutory requirements regarding the employment of children, this department has had 20,000 copies of the law in pamphlet form printed and a copy has been left in every establishment inspected.

Heretofore nothing has been done to surmount the false affidavits. Today whenever an inspector finds a child who is apparently and palpably under the age of 14, the affidavit is taken up for investigation and the facts regarding its birth, place of baptism, etc., etc., is investigated and if the child is proven under 14, (which a great percentage are proven to be), the child is placed back in school, the parents censured and the employer is warned to be more careful in the future. This system takes up much of the deputies' time. They inspect the county and church records and interview the notary public who made the affidavit, and if it is found that he is at fault, or has been careless, he is firmly taken to task.

Telegraph messengers and small boys have been forbidden to deliver messages or packages in disorderly establishments or in neighborhoods of the "levee" character. The telegraph and messenger companies have issued orders to this effect and further that the boys under 16 only work ten hours a day, as previous to the 1st of September they worked 12 and 13 hours. One of the great evils of child labor is the employment of children for long hours. The present law allows an employer to work a child under the age of 16, ten hours which is certainly a long enough day for any child to be employed. We have during the past year carried on a crusade against violators of the ten hour clause, which has resulted in the prosecution of many employers who allowed the children in their employ to work from 12 to 15 hours a day, sometimes from 7:00 o'clock in the

morning until 10:00 and 11:00 o'clock at night. As the result of this vigorous prosecution, I am pleased to report that today the ten hour clause is almost universally observed.

We have made a thorough inspection of the so called sweat-shops and in addition to inspecting the establishments for child labor, acting under an opinion of the Attorney General, the inspectors have issued such orders as the public health requires, compelling the owner of the establishment to put his shop in a sanitary condition, but little can be done under the present law and I earnestly ask the General Assembly to carefully consider the new sweat-shop act which is herewith submitted. We can never regulate the sweat-shops and bring them into a state of cleanliness and decency until we put them under State control through license.

We have reinspected every establishment where a violation has been found. No part of the State has been neglected and in inspecting the territory outside of Cook county, a system of following the towns along the railroads has been adopted to save expense. No money has been spent for legal fees.

We have successfully endeavored to work in harmony with the Board of Education and Board of Health, as much of our work is along similar lines. The arrangements entered into with these departments the early part of the year has resulted in much good.

The tables herewith submitted will show the results of inspections made and the steady growth of the work of this department and the tables have been arranged with the idea of giving in condensed form such information as is of public interest. The manner of compiling the report for 1902 has been somewhat changed from the system followed in previous years, with the desire that in its present form, it may be of value to commercial interests as a ready reference guide.

Previous reports of this department have repeatedly pointed out the weakness of the present method of preventing child-labor under the age of 14, the numerical insufficiency of the present force of inspectors, and the total collapse of the other clauses of the law, which aim to protect the health of the children and to forbid their work at those occupations "whereby their lives or limbs are in danger or their health likely to be injured or their morals depraved." The rapid industrial growth of the State during the past four years has vastly increased labor, which has precipitated the immediate and dire necessity for more complete laws, together with material increase in the department's working force. I append such suggestions for new laws as my experience in enforcing the present statutes leads me to believe are necessary to legislate to meet present conditions and to properly protect and care for the employed. Such legislation as is enacted should protect the employer as well as the employed and thus bring about the prevention of violations, thereby obviating the necessity for unlimited prosecutions. It is advisable that the present Assembly pass an amendment to section 1, of the present child labor law, whereby the issuing of affidavits for children over 14 will be effective. The present system of issuing affidavits for children

over 14 years of age has proven an almost total failure as a safe guard. The number of false affidavits which show on their face the children to be over 14, but which in reality are held by children much under this age is appalling. These affidavits or certificates should not be issued unless there is first procured some conclusive evidence as to the child's age, such as a birth certificate, registration of baptism or other reasonable evidence, which will sustain the facts regarding the child's true age.

There should also be required a simple educational test for children between the ages of 14 and 16 before they are permitted to work. It would be best to require them to read at sight and write legibly simple sentences in the English language. The illiteracy prevailing among the child laborers in the sweat shops, makes it essential that some law be passed which will enable them to receive an elementary education. I would also respectfully suggest to the 43d General Assembly the passage of

An act to prevent the employment of minors under the age of 16 between the hours of 10:00 p. m. and 6:00 a. m., thereby doing away with night work for children and young girls.

An act prohibiting the employment of minors under the age of 16 at extra hazardous and dangerous occupations. This act should be so drawn as to define the character of the dangerous occupations.

An act prohibiting the employment of girls under the age of 16 at occupations, the character of which requires them to stand constantly.

An act compelling all establishments where males and females are employed to maintain separate closets and retiring rooms.

An act requiring guards on dangerous machinery.

An act requiring sanitary arrangements and proper ventilation in the factories and workshops of this State.

An amendment to the penalty clause of the present child labor law, so that a magistrate shall have jurisdiction to impose a fine. The law as now in effect makes it necessary whenever a defendant is found guilty to either dismiss on the payment of costs, or bind over to the grand jury, because the law as it is now drawn provides for a fine or imprisonment or both in the discretion of the court. Magistrates have not final jurisdiction in these cases, because their jurisdiction is limited to impose penalties in criminal cases when the punishment is by fine only. This has been a serious handicap and should be remedied at once.

A new sweat-shop act, or an act licensing the manufacturers of garments or wearing apparel. Said license not to be issued until after inspection and not then unless the establishment is in a good sanitary condition and sufficient cubic feet of air is allowed to those who may be employed therein. This act to be similar to the one now in force in New York, Massachusetts and Pennsylvania.

The passage of a bake-shop law such as herein submitted.

The passage of a law requiring employers to report to the State Factory Inspector all cases of serious accidents, their causes and effects and to see that safe guards and protections are provided, so as to prevent a re-occurrence if possible.

The enactment of a law providing for the appointment of two physicians as members of the Factory Inspectors' Staff, one to be located in the County of Cook and one in the State at large as recommended in previous reports. The present law fails to furnish medical officers whose duties it should be to declare when the conditions of the shops or their products are unsanitary as defined by the law. It has been evident to this department from the first that medical officers were needed to act directly under its jurisdiction. Not only to provide against contagion in the sweatshops, but to enforce the provisions requiring minors to furnish a medical certificate from a physician of good standing, when it is demanded by the inspector.

An act increasing the number of inspectors to a corps, equal to the necessities of the department, which to enforce the present laws requires an increase of at least five and by the enactment into law of the recommendations herein submitted, it would be necessary to increase the force at least ten. Illinois ranks near the top as an industrial State, but near the bottom in the way of factory inspection. New York, Pennsylvania and Massachusetts have from three to four times the number of inspectors provided for in Illinois. To thoroughly carry on the work of the department, to properly inspect the entire State, it will require even for the present force, a considerable increase in the appropriation for office, traveling, printing and clerical expenses.

All factories and workshops in every city and town in the State should be inspected at least once a year and large manufacturing establishments, department stores, and all other places where a large number of children are employed should have at least two inspections a year. Since the enactment of the child labor law in 1893, the law has been amended so as to take in mercantile institutions, stores, offices and laundries, and there has been added to the duties and labor of this department the enforcing of the law requiring blowers on friction wheels. We find it impossible for the present number of inspectors to inspect all cities and towns in the State and it is utterly impossible for the present staff of inspectors with the present appropriation to perform the necessary work to make this department as successful as the law intended it should be.

An act providing for an attorney for this department who shall devote his entire time to the department's work and shall office with the department.

An act increasing the salary of the assistant chief inspector to one thousand two hundred and fifty dollars, (\$1,250.00) and the salary of the deputy inspectors to one thousand dollars (\$1,000.00). Illinois pays her inspectors for work done, less salary than any state in the Union having factory inspectors.

The passage of a new child labor law such as herewith submitted, which provides for a verification of the child's age; an educational test; the abolition of all night work for minors under 16; defines hazardous and dangerous occupations at which children should not be employed, and a stricter provision than the present law to prevent the employment of children under 14 years of age.

To make any child labor law which may be passed effective, it will be essential to also enact a compulsory education law, requiring a child under the age of 14 to attend school for the full school term, in this manner lessening the danger of children being employed under the age of 14, keeping them off the streets and out of the factories and workshops. One of the most interesting problems growing out of the employment of children is that providing for their education. Several methods have found earnest advocacy since the subject has become of general interest. Authorities generally have agreed that the broadest and best and the most successful plan has been the compulsory educational measures adopted by the different states. The welfare not only of the child, but of society, demands an elementary education for all minors compelled to labor.

**DRAFTS OF NEW LAWS SUGGESTED FOR ENACTMENT
BY THE 43RD GENERAL ASSEMBLY.**

A bill for an act to regulate the employment of children in the State of Illinois, and to provide for the enforcement thereof.

SECTION 1. Be it enacted by the people of the State of Illinois represented in the General Assembly, That no child under the age of 14 years shall be employed, permitted or suffered to work at at any gainful occupation in any theater, concert hall, or place of amusement where intoxicating liquors are sold or in any mercantile institution, store, office, laundry, manufacturing establishment, bowling alley, passenger or freight elevator, factory or workshop, or as messenger or driver therefor, within this State. That no child under 14 years of age shall be employed at any work performed for wages or other compensation, to whomsoever payable, during the hours when the public schools of the town, township, village, or city in which he or she resides are in session, nor be employed at any work before the hour of six o'clock in the morning or after the hour of seven o'clock in the evening.

Child under 14 years.

§ 2. It shall be the duty of every person, firm or corporation, agent or manager of any firm or corporation employing minors over 14 years and under 16 years of age in any mercantile institution, store, office, laundry, manufacturing establishment, bowling alley, theater, concert hall, or place of amusement, passenger or freight elevator, factory or workshop, or as messenger or driver therefor, within this State, to keep a register in said mercantile institution, store, office, laundry, manufacturing establishment, bowling alley, theater, concert hall, or place of amusement, factory or workshop in which said minors shall be employed or permitted or suffered to work, in which register shall be recorded the name, age and place of residence of every child employed or suffered or permitted to work therein, or as messenger or driver therefor, over the age of 14 years and under the age of 16 years; and it shall be unlawful for any person, firm or corporation, agent or manager of any firm or corporation to hire or employ, or to permit or suffer to work in any mercantile institution, store, office, laundry, manufacturing establishment, bowling alley, theater, concert hall or place of amusement, passenger or freight elevator, factory or workshop, or as messenger or driver therefor, any child under the age of 16 years and over 14 years of age, unless there is first procured and placed on file in such mercantile institution, store, office, laundry, manufacturing establishment, bowling alley, factory or workshop, theater, concert hall or place of amusement, an age and school certificate approved as hereinafter provided.

Register.

§ 3. Ever person, firm or corporation, agent or manager of a corporation employing or permitting or suffering to work five or more children under the age of 16 years and over the age of 14

Wall Lists.

years in any mercantile institution, store, office, laundry, manufacturing establishment, factory or workshop shall post, and keep posted in a conspicuous place in every room in which such help is employed, or permitted or suffered to work a list containing the name, age and place of residence of every person under the age of 16 years employed, permitted or suffered to work in such room.

Age and
School
Certificate.

§ 4. No child under 16 years of age and over 14 years of age shall be employed in any mercantile institution, store, office, laundry, manufacturing establishment, bowling alley, theater, concert hall or place of amusement, passenger or freight elevator, factory or workshop or as messenger or driver therefor, unless there is first procured and placed on file in such mercantile institution, store, office, laundry, manufacturing establishment, bowling alley, theater, concert hall or place of amusement, factory or workshop, and accessible to the State Factory Inspector, Assistant Factory Inspector or Deputy Factory Inspector, an age and school certificate as hereinafter prescribed; and unless there is kept on file and produced on demand of said inspectors of factories a complete and correct list of all the minors under the age of 16 years so employed who cannot read at sight and write legibly simple sentences in the English language, who are attending night school, as hereinafter provided.

Age and
School
Certificate.
How
Approved.

§ 5. An age and school certificate shall be approved only by the Superintendent of Schools or by a person authorized by him in writing; or where there is no Superintendent of Schools, by a person authorized by the Board of Education; provided, that no member of a Board of Education or other person authorized as aforesaid, shall have authority to approve such certificate for any child then in or about to enter his own employment, or the employment of a firm or corporation of which he is a member, officer or employé. The person approving the certificate shall have authority to administer the oath provided therein, but no fee shall be charged therefor. It shall be the duty of the Board of Education or local school authorities to designate a place (connected with their offices, when practicable,) where certificates shall be issued and recorded, and to establish and maintain the necessary records and clerical service for carrying out the provisions of this act.

Proof
of Age.

§ 6. An age and school certificate shall not be approved unless satisfactory evidence is furnished by the last school census, the certificate of birth or baptism of such child, the register of birth of such child, with a town or city clerk, or by the records of the public or parochial schools, that such child is of the age stated in the certificate: *Provided*, that in cases arising wherein the above proof is not obtainable, the parent or guardian of the child shall make oath before the juvenile or county court as to the age of such child, and the court may issue to said child an age certificate as sworn to.

Employment
Ticket.

§ 7. The age and school certificate of a child under 16 years of age shall not be approved and signed until he presents to the person authorized to approve and sign the same, a school attendance certificate, as hereinafter prescribed, duly filled out and signed. A duplicate of such age and school certificate shall be filled out and shall be forwarded to the State Factory Inspector's Office. Any explanatory matter may be printed with such certificate in the discretion of the Board of Education or Superintendent of Schools. The employment and the age and school certificate shall be separately printed and shall be filled out, signed and held or surrendered as indicated in the following forms:

SCHOOL CERTIFICATE.

.....
 (name of school) (city or town and date.)
 This certifies that of the ..th grade,
 (name of minor.)
 can read and write legibly simple sentences in the English lan-
 guage.

This also certifies that according to the records of this school
 and in my belief, the said was born
 (name of minor.)
 at in
 (name of city or town.) (name of county.)
 on the and is now
 (date.) (number of years and months.)
 old.

.....
 (name of parent or guardian.)

 (residence.)
 th grade.
 (signature of teacher.)
 Correct:
 (name of principal.)

 (name of school.)

EVENING SCHOOL ATTENDANCE CERTIFICATE.

.....
 (date.)
 This certifies that is registered in and
 (name of minor.)
 regularly attends the evening school.

This also certifies that according to the records of my school
 and in my belief the said was born
 (name of minor.)
 at on the day of
 (name of city or town.) (year)
 and is now old.
 (number of years and months.)

.....
 (name of parent or guardian)

 (residence.)

 (signature of teacher.)

 (signature of principal.)

AGE AND SCHOOL CERTIFICATE.

This certifies that I am
 (father, mother, guardian or custodian.)
 of, and that was born at
 (name of minor.) (he or she.)
 in the
 (name of town or city.) (name of county, if known.)
 and state or country of on the day
 (day of birth)
, and is now
 (number of years and months old.)
 and year of birth.)

.....
 (signature of parent, guardian or custodian.)

 (city or town and date.)

Then personally appeared before me the above named
 and made oath that the foregoing certificate by
 (name
 of person signing.)
 signed is true to the best of
 (him or her.) (his or her.)
 knowledge. I hereby approve the foregoing certificate of
 height
 (name of child.) (feet and inches.)
 weight complexion
 hair (fair or dark)
 (color.) having no sufficient reason to doubt that
 is of the age therein certified.
 (he or she.)

Owner of Certificate.

This certificate belongs to
 (name of child in whose behalf it is drawn.)
 and is to be surrendered to whenever
 (him or her.) (he or she.)
 leaves the service of the corporation or employer holding the
 same; but if not claimed by said child within 30 days from such
 time, it shall be returned to the Superintendent of Schools, or
 where there is no Superintendent of Schools, to the School
 Board.

.....
 (signature of person authorized to approve and sign, with official
 character and authority.)

(town or city and date.)

Illiteracy.

In the case of a child who cannot read at sight and write legibly
 simple sentences in the English language, the certificate shall
 continue as follows, after the word "language:" "I hereby cer-
 tify that is regularly attending the
 (he or she)

..... This certificate shall con-
 (name of public or parochial evening school.)
 tinue in force just as long as the regular attendance of said child
 at said evening school is certified weekly by the teacher and
 principal of said school.

Evening School.

In any city or town in which there is no public or parochial
 evening school, an age and school certificate shall not be approved
 for a child under the age of 16 years who cannot read at sight and
 write legibly simple sentences in the English language. When
 the public or parochial evening schools are not in session an age
 and school certificate shall not be approved for any child who
 cannot read at sight and write legibly simple sentences in the
 English language. The certificate of the principal of the public
 or parochial school shall be *prima facie* evidence as to the literacy
 or illiteracy of the child.

Schooling Required.

§ 8. No person shall employ any minor over 14 years of age
 and under 16 years, and no parent, guardian or custodian shall
 permit to be employed any such minor under his control, who
 cannot read at sight and write legibly simple sentences in the
 English language, while a public evening school is maintained in
 the town or city in which such minor resides, unless such minor
 is a regular attendant at such evening school.

Duties of State Inspector of Factories.

§ 9. The State Inspector of Factories, his assistants or
 deputies, shall visit all mercantile institutions, stores, offices,
 laundries, manufacturing establishments, bowling alleys, theaters,
 concert halls or places of amusement, factories and workshops
 and all other places where minors are or may be employed, in
 this State and ascertain whether any minors are employed con-

trary to the provisions of this act. Inspectors of factories may require that age and school certificates and all lists provided for in this act of minors employed in such factories, workshops, mercantile institutions, and all other places where minors are employed, shall be produced for their inspection, on demand.

And provided further that upon written complaint to the Board of Education or local school authorities of any city, town, district or municipality, that any minor (whose name shall be given in such complaint) is employed in any mercantile institution, store, office, laundry, manufacturing establishment, bowling alley, theater, concert hall or place of amusement, passenger or freight elevator, factory or workshop, or as messenger or driver therefor, contrary to the provisions of this act, it shall be the duty of such Board of Education or local school authority to report the same to the State Inspector of Factories.

§ 10. No person under the age of 16 years shall be employed or suffered or permitted to work at any gainful occupations more than sixty hours in one week, nor more than ten hours in any one day; or before the hour of 6:00 o'clock in the morning or after the hour of 10:00 o'clock in the evening. Every employer shall post in a conspicuous place in every room where such minors are employed, a printed notice stating the hours required of them each day of the week, the hours of commencing and stopping work, and the hours when the time or times allowed for dinner or for other meals begins and ends. The printed form of such notice shall be furnished by the State Inspector of Factories, and the employment of any such minor for longer time in any day so stated shall be deemed a violation of this section.

§ 11. No child under the age of 16 years shall be employed at sewing belts, or to assist in sewing belts in any capacity whatever; nor shall any such child adjust any belt to any machinery; they shall not oil or assist in oiling, wiping, or cleaning machinery; they shall not operate or assist in operating circular or band-saws, wood-shapers, wool jointers, planers, sandpaper or wood polishing machinery, emery or polishing wheels used for polishing, metal, wood turning or boring machinery, stamping machines in sheet metal and tinware manufacturing, stamping machines in washer and nut factories, operating corrugating rolls, such as are used in roofing factories; nor shall they be employed in operating any steam boiler, steam machinery or other steam generating apparatus, or as pin boys in any bowling alley; they shall not operate or assist in operating dough brakes or cracker machinery of any description; wire or iron straightening machinery; nor shall they operate or assist in operating rolling mill machinery, punches or shears, washing, grinding or mixing mills, or calendar rolls in rubber manufacturing; nor shall they operate or assist in operating laundrying machinery; nor shall children be employed in any capacity in preparing any composition in which dangerous or poisonous acids are used and they shall not be employed in any capacity in the manufacture of paints, colors or white lead; nor shall they be employed in any capacity whatever in operating or assisting to operate any passenger or freight elevator; nor shall they be employed in any capacity whatever in the manufacture of goods for immoral purposes, or any other employment that may be considered dangerous to their lives or limbs, or where their health may be injured or morals depraved; nor shall females under 16 years of age be employed in any capacity where such employment compels them to remain standing constantly.

§ 12. The presence of any person under the age of 16 years in any manufacturing establishment, factory or workshop shall constitute *prima facie* evidence of his or her employment therein.

Hours of
Labor.

Employment
at which chil-
dren under 16
years shall
not be
engaged.

Prima facie
Evidence of
a child's Em-
ployment.

Enforcement
of the Pro-
visions of this
Act.

§ 13. It shall be the special duty of the State Factory Inspector to enforce the provisions of this act, and to prosecute all violations of the same before any magistrate or any court of competent jurisdiction in this State. It shall be the duty of the State Factory Inspector, assistant State Factory Inspector and of the deputy State Factory Inspectors under the supervision and direction of the State Factory Inspector, and they are hereby authorized and empowered, to visit and inspect, at all reasonable times and as often as possible, all places covered by this act.

Penalty.

§ 14. Whoever, having under his control a child under the age of 16 years, permits such child to be employed in violation of the provisions of this act, shall for such offense be fined not less than \$5 nor more than \$25.

A failure to produce to the Inspector of Factories, his assistants or deputies, any age and school certificate, or lists required by this act, shall, constitute a violation of this act, and the person so failing shall, upon conviction, be fined not less than \$5 nor more than \$50 for each offense.

Every person authorized to sign the certificate prescribed by section 7 of this act, who certifies to any materially false statement therein, shall be guilty of a violation of this act, and upon conviction be fined not less than \$5 nor more than \$50 for each offense.

Any person, firm or corporation, agent or manager, superintendent or foreman of any firm or corporation, who, whether for himself or for such firm or corporation, or by himself or through sub-agents or foreman, superintendent or manager, shall violate or fail to comply with any of the provisions of this act, or shall refuse admittance to premises or otherwise obstruct the Factory Inspector, assistant factory inspector or deputy factory inspector in the performance of their duties, as prescribed by this act, shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be fined not less than \$5 nor more than \$100 for each offense.

Repeal.

§ 15. "An Act to Prevent Child Labor." Approved June 17, 1891; in force July 1, 1891.

Acts and parts of acts in conflict with this act are hereby repealed.

I would recommend the enactment of the following law in regard to the manufacture of garments, and wearing apparel.

TENEMENT-HOUSE MANUFACTURE.

When the Legislature of 1893 answered the public clamor aroused by its investigation of sweat shops by the enactment of the factory act of that year, it failed to realize the immensity and difficulties of the problem it had unearthed. That problem remains in Illinois, as in all other manufacturing states and countries, one of the most difficult problems to solve in our whole industrial system.

SECTION 1. Be it enacted, etc., That no room or apartment in any tenement or dwelling house shall be used for the manufacture of coats, vests, trousers, knee pants, overalls, skirts, dresses, cloaks, hats, caps, suspenders,

jerseys, blouses, waists, waist bands, underwear, neckwear, furs, fur trimmings, fur garments, shirts, hosiery, gloves, mittens, slippers, shoes, gaiters or any other garments, purses, feathers; artificial flowers, cigarettes, cigars, and no person, firm or corporation shall hire or employ any person to work in any room, apartment, or in any building, or parts of a building, at making in whole or in part any of the articles mentioned in this section without first obtaining a written permit from the factory inspector or one of his deputies, stating the maximum number of persons allowed to be employed therein and that the building, or part of building, intended to be used for such work or business is thoroughly clean, sanitary and fit for occupancy for such work or business. Such permit shall not be granted until an inspection of such premises is made by the factory inspector or one of his deputies. Said permit may be revoked by the factory inspector at any time the health of the community or those so employed may require it. It shall be framed and posted in a conspicuous place in the room or in one of the rooms to which it relates. Every person, firm, company or corporation, contracting for the manufacture of any of the articles mentioned in this section, or giving out the incomplete material from which they or any of them are to be made, or to be wholly or partially finished, shall, before contracting for the manufacture of any of said articles, or giving out said material from which they or any of them are to be made, require the production by such contractor, person or persons of said permit from the factory inspector as required in this section, and shall keep a written register of the names and addresses of all persons to whom such work is given to be made, or with whom they may have contracted to do the same. Such register shall be produced for inspection and a copy thereof shall be furnished on demand by the factory inspector or one of his deputies; provided that nothing in this section shall be so construed as to prevent the employment of a seamstress by any family for manufacturing articles for such family use.

§ 2. Not less than 250 cubic feet of air space shall be allowed for each and every person, in any work room where persons are employed at such labor as hereinbefore described. There shall be sufficient means of ventilation provided in each work room of every such establishment and said work-room or rooms in said establishment shall be kept thoroughly clean, sanitary and fit for occupancy for such work or business. The factory inspector and deputy factory inspector under the direction of the factory inspector, shall notify the owner, agent or lessee, in writing to provide or cause to be provided ample and proper means for ventilating such work-room or rooms and to put said work-room or rooms in a thoroughly clean, sanitary and fit condition for occupancy for such work or business and shall prosecute such owner, agent or lessee, if such notification be not complied with within thirty days of the service of such notice.

§ 3. A printed copy of this act shall be furnished by the inspector for each work-room of every factory, manufacturing or mercantile house, where persons are employed, who are affected by the provisions of this act, and it shall be the duty of the employer, of the person employed therein, to post and keep posted said printed copy of the law in each room.

This law has had a thorough trial in New York, Pennsylvania and Massachusetts, and there is no doubt of its successful operation. Not only will it to a certain extent protect the public and employes from the danger of tenement-house manufacture, but it will check the growth of the sweat shop system and aid in the development lately noticeable towards the more wholesome conditions of the factory.

The sanitary conditions of the sweat shops are perhaps the most injurious of all the evils of the system. These shops are as a rule in poorly lighted, unventilated rooms, where the light is altogether insufficient for the intense application of the eyes that this work de-

mands and in time serious results are bound to follow. They are underheated in very cold weather and in summer their situation on alleys and back yards amidst the stench of garbage and refuse is unhealthy in the extreme. The rooms are nearly always overcrowded and do in few cases give that amount of breathing space that competent physicians declare is the indispensable minimum for human needs. There are no provisions for proper ventilation, which is so much needed in these shops, where the oxygen is consumed and the air poisoned by the pressers' charcoal irons. Closets are often not provided at all, and never for both sexes.

That women and children are employed in this more than any other large industry, may be seen by turning to the tables in this report.

It has been shown repeatedly that incredible amount of disease is communicated through the clothing made by this system, and it is impossible that it should be otherwise. The public is put in peril not only on account of the lowered vitality of the employés, who working under the unhealthy conditions described are peculiarly liable to succumb to every form of contagious disease, but it is endangered to still greater degree by the location of the shops, which are largely on tenement house premises. These houses are crowded with children of the poorest classes, and the clothing and those working on it are directly exposed to every disease current among them, and infection of all the clothing passing through the employés' hands is almost sure to follow. The process employed necessitates a great deal of handling and a very close relation between the work and the material used. Besides the consumption so general in the shops, these districts are subject to the epidemics of scarlet fever, diphtheria, typhoid and small-pox. When it is considered besides, these means, of spreading contagion, we have a continuous stream of home finishers taking the clothing from the shops into their unhealthy homes where it stays among the children until returned to the shops, sometimes several days later, it will be seen that there is little likelihood that any contagious disease that they have among them will fail to be communicated to the clothing made in the sweat shops. Even in the case of the coat shops, where there is no home finisher, we have the button-hole shops, where the clothing of a whole neighborhood is brought together and the risk of infection considerably increased.

In 1894 when small-pox was raging in Chicago in its most virulent form, the Bohemian sweat shop district was the most stricken part of the city. The reports of this department show that the manufacture of clothing was unabated, even at a time when there was scarcely a tenement house without its case of small-pox, thousands of garments were turned out under these conditions to be distributed among the stores of Chicago and sent out over the country and into every town and county in this State. Yet nothing has been done since that time to enable the authorities to stamp out this constant

source of contagion and disease among the people of this State. The present law is at best an attempt to cure, while what is needed is preventable measures that will prevent.

I would recommend favorable consideration of the following bake shop law:

The general public has very little idea of the conditions under which some bread stuffs are made. Many of the bake shops are located in cellars or basement rooms and are in a filthy condition. It appears to be the custom in many places to utilize these rooms for lodging places as well as for the preparation of food products.

I would advise that the inspection of bake shops of this character be put under the supervision of the inspector of factories and work shops and some stringent law be passed to remedy existing evils. It is but a just demand from the public at large to know that the food which they buy is made with clean hands and under good sanitary conditions and that the employées should be protected from the extreme and unbearable heat and filthy cellars.

An act to provide for the regulation of bakeries and confectioneries and to provide for the enforcement thereof:

SECTION 1. Drainage and Plumbing of Buildings and Rooms Occupied by Bakeries—All buildings and rooms occupied as biscuit, bread, pie or cake bakeries, shall be drained or plumbed in a manner conducive to the proper and healthy sanitary condition thereof, and shall be constructed with air shafts, windows or ventilating pipes, sufficient to insure ventilation. The factory inspector may direct the proper drainage, plumbing and ventilation of such rooms or buildings. No cellar or basement, not now used for a bakery shall hereafter be so occupied or used, unless the proprietor comply with the sanitary provisions of this article.

§ 2. Requirements as to Rooms, Furniture, Utensils and Manufactured Products—Every room used for the manufacture of flour or meal food products shall be at least eight feet in height and shall have, if deemed necessary by the factory inspector, an impermeable floor constructed of cement, or of tiles laid in cement, or an additional flooring of wood properly saturated with linseed oil. The side walls of such rooms shall be plastered or wainscoted. The factory inspector may require the side walls and ceiling to be whitewashed at least once in three months. He may also require the wood work of such walls to be painted. The furniture and utensils shall be so arranged as to be readily cleansed and not prevent the proper cleaning of any part of a room. The manufactured flour or meal food products shall be kept in dry and airy rooms, so arranged that the floors, shelves and all other facilities for storing the same can be properly cleaned. No domestic animals, shall be allowed to remain in a room, used as a biscuit, bread, pie or cake bakery, or any room in such bakery where flour or meal products are stored.

§ 3. Wash rooms, Closets and Sleeping Places—Every such bakery shall be provided with a proper wash room, and water closets apart from the bake-room or rooms where the manufacture of such food products is conducted, and no water closet, earth closet, privy or ash pit shall be within or connected directly with the bake room of any bakery, hotel or public restaurant. No person shall sleep in a room occupied as a bake room. Sleeping places for the persons employed in the bakery shall be separate from the rooms where flour or meal food products are manufactured or stored. If the sleeping rooms are on the same floor, where such products are manufactured, stored or sold, the factory inspector may inspect and order them put in a proper sanitary condition.

§ 4. Inspection of Bakeries—The factory inspector shall cause all bakeries to be inspected. If it be found upon such inspection that the bakeries so inspected are constructed and conducted in compliance with the provisions of this chapter, the factory inspector shall issue a certificate to the persons owning or conducting such bakeries.

§ 5. Notice Requiring Alterations—If, in the opinion of the factory inspector, alterations are required in or upon premises occupied and used as bakeries, in order to comply with the provisions of this article, a written notice shall be served by him upon the owner, agent, or lessee of such premises, either personally or by mail, requiring such alterations to be made within 60 days after such service, and such alterations shall be made accordingly.

§ 6. Any person who violates any of the provisions of this act, or refuses to comply with any requirements as provided herein of the factory inspector or his deputies who are hereby charged with the enforcement of this act, shall be guilty of a misdemeanor, and on conviction shall be punished by a fine of not less than twenty (20) nor more than fifty (50) dollars for the first offense, and not less than fifty (50) nor more than one hundred (100) dollars for the second offense, or imprisonment for not more than ten (10) days; and for a third offense by a fine of not less than two hundred and fifty (250) dollars and more than thirty (30) days of imprisonment.

PRESENT LAWS ENFORCED BY THIS DEPARTMENT.

COPY OF PRESENT FACTORY INSPECTION LAWS.

An act to regulate the employment of children in the State of Illinois, and to provide for the enforcement thereof.

SECTION 1. *Be it Enacted by the People of the State of Illinois, represented in the General Assembly:* That no child under the age of 14 years shall be employed, permitted or suffered to work for wages at any gainful occupation hereinafter mentioned.

§ 2. It shall be the duty of every person, firm or corporation, agent or manager of any firm or corporation employing minors in any mercantile institution, store, office, laundry, manufacturing establishment, factory or workshop within this State to keep a register in said mercantile institution, store, office, laundry, manufacturing establishment, factory or workshop in which said minors shall be employed or permitted or suffered to work, in which register shall be recorded the name, age and place of residence of every child employed or permitted or suffered to work therein under the age of 16 years, and it shall be unlawful for any person, firm or corporation, agent or manager of any firm or corporation to hire or employ, or to permit or to suffer to work in any mercantile institution, store, office, laundry, manufacturing establishment, factory or workshop, any child under the age of 16 years and over the age of 14 years, unless there is first provided and placed on file in such mercantile institution, store, office, laundry, manufacturing establishment, factory or workshop an affidavit made by the parent or guardian stating the name, date and place of birth of such child. If such child shall have no parent or guardian, then such affidavit shall be made by the child. And the register and affidavits herein provided for shall, on demand, be produced and shown for inspection to the State Factory Inspector, Assistant State Factory Inspector, or Deputy State Factory Inspector.

§ 3. Every person, firm or corporation, agent or manager of a corporation employing, or permitting or suffering to work, children under the age of 16 years and over the age of 14 years, in any mercantile institution, store, office, laundry, manufacturing establishment, factory or workshop shall post, and keep posted in a conspicuous place in every room in which such help is employed, or permitted or suffered to work, a list containing the name, age and place of residence of every person under the age of 16 years employed, permitted or suffered to work in such room.

§ 4. No person under the age of 16 years shall be employed or suffered to work for wages at any gainful occupation more than 60 hours in one week, nor more than ten hours in any one day. All establishments subject to factory inspection, where girls and women are employed, shall provide suitable seats, for the use of such girls and women, and they shall be permitted the use of such seats when not necessarily engaged in their active duties.

§ 5. The presence of any person under 16 years of age in any manufacturing establishment, factory or workshop shall constitute *prima facie* evidence of his or her employment therein.

§ 6. No child under the age of 16 years shall be employed or permitted or suffered to work by any person, firm or corporation in this State at such extra hazardous employment, whereby its life or limb is in danger, or its health is likely to be injured, or its morals may be depraved.

§ 7. It shall be the duty of the State Factory Inspector to enforce the provisions of this act, and to prosecute all violations of the same before any magistrate or any court of competent jurisdiction in this State. It shall be the duty of the State Factory Inspector, Assistant State Factory Inspector, and of the Deputy State Factory Inspector, under the supervision and direction of the State Factory Inspector, and they are hereby authorized and empowered to visit and inspect, at all reasonable times, and as often as possible, all places covered by this act.

§ 8. The words "manufacturing establishments," "factory" or "workshop," as used in this act, shall be construed to mean any place where goods or products are manufactured or repaired, dyed, cleaned or assorted, stored or packed, in whole or in part, for sale or for wages, and not for personal use of the maker, or his or her family or employer.

§ 9. Any person, firm or corporation, agent or manager, superintendent or foreman, of any firm or corporation, who, whether for himself or for such firm or corporation, or by himself or through sub-agents or foreman, superintendent or manager, shall violate or fail to comply with any of the provisions of this act, or shall refuse admittance to premises or otherwise obstruct the factory inspector or deputy factory inspectors in the performance of their duties, as prescribed by this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than \$10 nor more than \$100, or imprisonment in the county jail not less than ten days nor more than 30 days, for each offense, or both fine and imprisonment, in the discretion of the court, and shall stand committed until such fine and costs are paid.

An act to regulate the manufacture of clothing, wearing apparel and other articles in this State, and to provide for the appointment of State inspectors to enforce the same and to make an appropriation therefor.

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly:* That no room or rooms, apartment or apartments in any tenement or dwelling house used for eating or sleeping purposes, shall be used for the manufacture, for sale in whole or in part, of coats, vests, trousers, knee-pants, overalls, cloaks, shirts, ladies' waists, purses, leathers, artificial flowers or cigars, except by the immediate members of the family living therein. Every such workshop shall be kept in a cleanly state, and shall be subject to the provisions of this act; and each of said articles made, altered, repaired or finished in any of such workshops shall be subject to inspection and examination, as hereinafter provided, for the purpose of ascertaining whether said articles, or any of them, or any part thereof, are in a cleanly condition and free from vermin and any matter of an infectious and contagious nature; and every person so occupying or having control of any workshop as aforesaid shall within 14 days from the taking effect of this act, or from the time of beginning of work in any workshop as aforesaid, notify the board of health of the location of such workshop, the nature of the work therein carried on and the number of persons therein employed.

§ 2. If the board of health of any city or said State Inspector finds evidence of infectious or contagious diseases present in any workshop, or in

goods manufactured or in process of manufacture therein, and if said board or inspector shall find said shop in an unhealthy condition, or the clothing and material used therein to be unfit for use, said board or inspector shall issue such order or orders as the public health may require, and the board of health are hereby enjoined to condemn and destroy all such infectious and contagious articles.

§ 3. Whenever it shall be reported to said inspector or to the board of health, or either of them, that coats, vests, trousers, knee-pants, overalls, cloaks, shirts, ladies' waists, purses, feathers, artificial flowers or cigars are being transported to this State, having been previously manufactured, in whole or in part, under unhealthy conditions, said inspector shall examine said goods and the condition of their manufacture, and if, upon such examination, said goods, or any of them, are found to contain vermin, or to have been made in improper places or under unhealthy conditions, he shall make a report thereof to the board of health or inspector, which board or inspector shall thereupon make such order or orders as the public health shall require, and the board of health are hereby empowered to condemn or destroy all such articles.

§ 4. No child under 14 years of age shall be employed in any manufacturing establishment, factory or workshop within this State. It will be the duty of every person, firm or corporation, or agent or manager of any corporation employing children to keep a register, in which shall be recorded the name, birthplace, age and place of residence of every person employed by him, them or it, under the age of 16 years; and it shall be unlawful for any person, firm or corporation, or any agent or manager of any corporation, to hire or employ in any manufacturing establishment, factory or workshop, any child over the age of 14 years and under the age of 16 years, unless there is first provided and placed on file an affidavit made by the parent or guardian, stating the age, date and place of birth of said child; if said child has no parent or guardian, then such affidavit shall be made by the child, which affidavit shall be kept on file by the employer, and which said register and affidavit shall be produced for inspection on demand by the inspector, assistant inspector, or any of the deputies appointed under this act. The Factory Inspector, assistant inspector and deputy inspectors shall have power to demand a certificate of physical fitness from some regular physician of good standing, in case of children who may appear to him or her physically unable to perform the labor at which they may be engaged, and shall have power to prohibit the employment of any minor that can not obtain such a certificate.

§ 5. The words "manufacturing establishment," "factory" or "workshop," wherever used in this act, shall be construed to mean any place where goods or products are manufactured or repaired, cleaned or sorted, in whole or in part, for sale, or for wages. Whenever any house, room or place is used for the purpose of carrying on any process of making, altering, repairing or finishing for sale, or for wages, any coats, vests, trousers, knee pants, overalls, cloaks, shirts, ladies' waists, purses, feathers, artificial flowers or cigars or any wearing apparel of any kind whatsoever, intended for sale, it shall within the meaning of this act, be deemed a workshop for the purpose of inspection. And it shall be the duty of every person, firm or corporation to keep a complete list of all such workshops in his, their or its employ, and such lists shall be produced for inspection on demand by the Board of Health or any of the officers thereof, or by the State Inspector, Assistant Inspector, or any of the deputies appointed under this act.

§ 6. Any person, firm or corporation who fails to comply with any provision of this act, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined not less than \$3.00 nor more than \$100.00 for each offense.

An act to compel the using of blowers upon metal polishing machinery.

SECTION 1. Be it enacted by the people of the State of Illinois represented in the General Assembly: That all persons, companies or corporations operating any factory or workshop where emery wheels or emery belts of any description are used, either solid emery, leather, leather covered, felt, can-

vas, linen, paper, cotton, or wheels or belts rolled coated with emery or corundum or cotton wheels used as buffs, shall provide the same with blowers, or similar apparatus, which shall be placed over, beside or under such wheels or belts in such a manner as to protect the person or persons using the same from the particles of dust produced and caused thereby, and to carry away the dust arising from or thrown off by such wheels or belts while in operation directly to the outside of the building or to some receptacle placed so as to receive and confine such dust. Provided that grinding machines upon which water is used at the point of the grinding contact shall be exempt from the provisions of this act, and provided, this shall not apply to small shops employing not more than one man in such work.

§ 2. It shall be the duty of any person, company or corporation operating any such factory or workshop to provide or construct such appliances, apparatus, machinery or other things necessary to carry out the purpose of this act, as set forth in the preceding section, as follows: each and every such wheels shall be fitted with a sheet of cast iron hood or hopper of such form and so applied to such wheel or wheels that the dust or refuse therefrom will fall from such wheels or will be thrown into such hood or hopper by centrifugal force and be carried off by the current of air into a suction pipe attached to same hood or hopper.

§ 3. Each and every such wheel 6 inches or less in diameter shall be provided with a 3-inch suction pipe; wheels 6 inches to 24 inches in diameter with 4-inch (such) suction pipe; wheels from 24 inches to 36 inches in diameter with 5-inch suction pipe; and all wheels larger in diameter than those stated above shall be provided each with a suction pipe not less than 6 inches in diameter. The suction pipe from each wheel, so specified, must be full size to the main trunk suction pipe, and the main suction pipe to which smaller pipes are attached shall, in its diameter and capacity, be equal to the combined area of such smaller pipes attached by the same, and the discharge pipe from the exhaust fan, connected with such suction pipe or pipes, shall be as large or larger than the suction pipe.

§ 4. It shall be the duty of any person, company or corporation operating any such factory or workshop to provide the necessary fans or blowers to be connected with such pipe or pipes, as above set forth, which shall be run at a rate of speed as will produce a velocity of air in such suction or discharge pipes of at least 9,000 feet per minute to an equivalent suction or pressure of air equal to raising a column of water not less than five inches in a U-shaped tube. All branch pipes must enter the main trunk pipe at an angle of 45 degrees or less, the main suction or trunk pipe shall be below the emery or buffing wheels and as close to the same as possible, and to be either upon the floor or beneath the floor on which the machines are placed to which such wheels are attached. All bends, turns, or elbows in such pipes must be made with easy, smooth surfaces, having a radius in the throat of not less than two diameters of the pipe on which they are connected.

§ 5. It shall be the duty of any factory inspector, sheriff, constable or prosecuting attorney of any county in this State in which any such factory or workshop is situated, upon receiving notice in writing signed by any person having knowledge of such facts, accompanied by the sum of \$1 as compensation for his services, that such factory or workshop is not provided with such appliances as herein provided for, to visit any such factory or workshop and inspect the same, and for such purpose they are hereby authorized to enter any factory or workshop in this State during working hours, and upon ascertaining the facts that the proprietors or managers of such factory or workshop have failed to comply with the provisions of this act, to make complaint of the same in writing before a justice of the peace or police magistrate having jurisdiction, who shall thereupon issue his warrant, directed to

Then personally appeared before me the above named
 and made oath that the foregoing certificate ^{(name}
 of person signing.) signed is true to the best of
 (him or her.) (his or her.)
 knowledge. I hereby approve the foregoing certificate of
, height,
 (name of child.) (feet and inches.)
 weight, complexion
 (fair or dark)
 hair, having no sufficient reason to doubt that
 (color.) is of the age therein certified.
 (he or she.)

Owner of
Certificate.

This certificate belongs to
 (name of child in whose behalf it is drawn.)
 and is to be surrendered to whenever
 (him or her.) (he or she.)
 leaves the service of the corporation or employer holding the
 same; but if not claimed by said child within 30 days from such
 time, it shall be returned to the Superintendent of Schools, or
 where there is no Superintendent of Schools, to the School
 Board.

.....
 (signature of person authorised to approve and sign, with official
 character and authority.)

(town or city and date.)

Illiteracy.

In the case of a child who cannot read at sight and write legibly
 simple sentences in the English language, the certificate shall
 continue as follows, after the word "language:" "I hereby cer-
 tify that is regularly attending the
 (he or she.)

..... This certificate shall con-
 (name of public or parochial evening school.)
 tinue in force just as long as the regular attendance of said child
 at said evening school is certified weekly by the teacher and
 principal of said school.

Evening
School.

In any city or town in which there is no public or parochial
 evening school, an age and school certificate shall not be approved
 for a child under the age of 16 years who cannot read at sight and
 write legibly simple sentences in the English language. When
 the public or parochial evening schools are not in session an age
 and school certificate shall not be approved for any child who
 cannot read at sight and write legibly simple sentences in the
 English language. The certificate of the principal of the public
 or parochial school shall be *prima facie* evidence as to the literacy
 or illiteracy of the child.

Schooling
Required.

§ 8. No person shall employ any minor over 14 years of age
 and under 16 years, and no parent, guardian or custodian shall
 permit to be employed any such minor under his control, who
 cannot read at sight and write legibly simple sentences in the
 English language, while a public evening school is maintained in
 the town or city in which such minor resides, unless such minor
 is a regular attendant at such evening school.

Duties of
State Inspec-
tor of Fac-
tories.

§ 9. The State Inspector of Factories, his assistants or
 deputies, shall visit all mercantile institutions, stores, offices,
 laundries, manufacturing establishments, bowling alleys, theaters,
 concert halls or places of amusement, factories and workshops
 and all other places where minors are or may be employed, in
 this State and ascertain whether any minors are employed con-

trary to the provisions of this act. Inspectors of factories may require that age and school certificates and all lists provided for in this act of minors employed in such factories, workshops, mercantile institutions, and all other places where minors are employed, shall be produced for their inspection, on demand.

And provided further that upon written complaint to the Board of Education or local school authorities of any city, town, district or municipality, that any minor (whose name shall be given in such complaint) is employed in any mercantile institution, store, office, laundry, manufacturing establishment, bowling alley, theater, concert hall or place of amusement, passenger or freight elevator, factory or workshop, or as messenger or driver therefor, contrary to the provisions of this act, it shall be the duty of such Board of Education or local school authority to report the same to the State Inspector of Factories.

§ 10. No person under the age of 16 years shall be employed or suffered or permitted to work at any gainful occupations more than sixty hours in one week, nor more than ten hours in any one day; or before the hour of 6:00 o'clock in the morning or after the hour of 10:00 o'clock in the evening. Every employer shall post in a conspicuous place in every room where such minors are employed, a printed notice stating the hours required of them each day of the week, the hours of commencing and stopping work, and the hours when the time or times allowed for dinner or for other meals begins and ends. The printed form of such notice shall be furnished by the State Inspector of Factories, and the employment of any such minor for longer time in any day so stated shall be deemed a violation of this section.

Hours of
Labor.

§ 11. No child under the age of 16 years shall be employed at sewing belts, or to assist in sewing belts in any capacity whatever; nor shall any such child adjust any belt to any machinery; they shall not oil or assist in oiling, wiping, or cleaning machinery; they shall not operate or assist in operating circular or band-saws, wood-shapers, wool jointers, planers, sandpaper or wood polishing machinery, emery or polishing wheels used for polishing metal, wood turning or boring machinery, stamping machines in sheet metal and tinware manufacturing, stamping machines in washer and nut factories, operating corrugating rolls, such as are used in roofing factories; nor shall they be employed in operating any steam boiler, steam machinery or other steam generating apparatus, or as pin boys in any bowling alley; they shall not operate or assist in operating dough brakes or cracker machinery of any description; wire or iron straightening machinery; nor shall they operate or assist in operating rolling mill machinery, punches or shears, washing, grinding or mixing mills, or calendar rolls in rubber manufacturing; nor shall they operate or assist in operating laundrying machinery; nor shall children be employed in any capacity in preparing any composition in which dangerous or poisonous acids are used and they shall not be employed in any capacity in the manufacture of paints, colors or white lead; nor shall they be employed in any capacity whatever in operating or assisting to operate any passenger or freight elevator; nor shall they be employed in any capacity whatever in the manufacture of goods for immoral purposes, or any other employment that may be considered dangerous to their lives or limbs, or where their health may be injured or morals depraved; nor shall females under 16 years of age be employed in any capacity where such employment compels them to remain standing constantly.

Employment
at which chil-
dren under 16
years shall
not be
engaged.

§ 12. The presence of any person under the age of 16 years in any manufacturing establishment, factory or workshop shall constitute *prima facie* evidence of his or her employment therein.

Prima facie
Evidence of
a child's Em-
ployment.

Enforcement
of the Pro-
visions of this
Act.

§ 13. It shall be the special duty of the State Factory Inspector to enforce the provisions of this act, and to prosecute all violations of the same before any magistrate or any court of competent jurisdiction in this State. It shall be the duty of the State Factory Inspector, assistant State Factory Inspector and of the deputy State Factory Inspectors under the supervision and direction of the State Factory Inspector, and they are hereby authorized and empowered, to visit and inspect, at all reasonable times and as often as possible, all places covered by this act.

Penalty.

§ 14. Whoever, having under his control a child under the age of 16 years, permits such child to be employed in violation of the provisions of this act, shall for such offense be fined not less than \$5 nor more than \$25.

A failure to produce to the Inspector of Factories, his assistants or deputies, any age and school certificate, or lists required by this act, shall, constitute a violation of this act, and the person so failing shall, upon conviction, be fined not less than \$5 nor more than \$50 for each offense.

Every person authorized to sign the certificate prescribed by section 7 of this act, who certifies to any materially false statement therein, shall be guilty of a violation of this act, and upon conviction be fined not less than \$5 nor more than \$50 for each offense.

Any person, firm or corporation, agent or manager, superintendent or foreman of any firm or corporation, who, whether for himself or for such firm or corporation, or by himself or through sub-agents or foreman, superintendent or manager, shall violate or fail to comply with any of the provisions of this act, or shall refuse admittance to premises or otherwise obstruct the Factory Inspector, assistant factory inspector or deputy factory inspector in the performance of their duties, as prescribed by this act, shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be fined not less than \$5 nor more than \$100 for each offense.

Repeal.

§ 15. "An Act to Prevent Child Labor." Approved June 17, 1891; in force July 1, 1891.

Acts and parts of acts in conflict with this act are hereby repealed.

I would recommend the enactment of the following law in regard to the manufacture of garments, and wearing apparel.

TENEMENT-HOUSE MANUFACTURE.

When the Legislature of 1893 answered the public clamor aroused by its investigation of sweat shops by the enactment of the factory act of that year, it failed to realize the immensity and difficulties of the problem it had unearthed. That problem remains in Illinois, as in all other manufacturing states and countries, one of the most difficult problems to solve in our whole industrial system.

SECTION 1. Be it enacted, etc., That no room or apartment in any tenement or dwelling house shall be used for the manufacture of coats, vests, trousers, knee pants, overalls, skirts, dresses, cloaks, hats, caps, suspenders,

jerseys, blouses, waists, waist bands, underwear, neckwear, furs, fur trimmings, fur garments, shirts, hosiery, gloves, mittens, slippers, shoes, gaiters or any other garments, purses, feathers; artificial flowers, cigarettes, cigars, and no person, firm or corporation shall hire or employ any person to work in any room, apartment, or in any building, or parts of a building, at making in whole or in part any of the articles mentioned in this section without first obtaining a written permit from the factory inspector or one of his deputies, stating the maximum number of persons allowed to be employed therein and that the building, or part of building, intended to be used for such work or business is thoroughly clean, sanitary and fit for occupancy for such work or business. Such permit shall not be granted until an inspection of such premises is made by the factory inspector or one of his deputies. Said permit may be revoked by the factory inspector at any time the health of the community or those so employed may require it. It shall be framed and posted in a conspicuous place in the room or in one of the rooms to which it relates. Every person, firm, company or corporation, contracting for the manufacture of any of the articles mentioned in this section, or giving out the incomplete material from which they or any of them are to be made, or to be wholly or partially finished, shall, before contracting for the manufacture of any of said articles, or giving out said material from which they or any of them are to be made, require the production by such contractor, person or persons of said permit from the factory inspector as required in this section, and shall keep a written register of the names and addresses of all persons to whom such work is given to be made, or with whom they may have contracted to do the same. Such register shall be produced for inspection and a copy thereof shall be furnished on demand by the factory inspector or one of his deputies; provided that nothing in this section shall be so construed as to prevent the employment of a seamstress by any family for manufacturing articles for such family use.

§ 2. Not less than 250 cubic feet of air space shall be allowed for each and every person, in any work room where persons are employed at such labor as hereinbefore described. There shall be sufficient means of ventilation provided in each work room of every such establishment and said work-room or rooms in said establishment shall be kept thoroughly clean, sanitary and fit for occupancy for such work or business. The factory inspector and deputy factory inspector under the direction of the factory inspector, shall notify the owner, agent or lessee, in writing to provide or cause to be provided ample and proper means for ventilating such work-room or rooms and to put said work-room or rooms in a thoroughly clean, sanitary and fit condition for occupancy for such work or business and shall prosecute such owner, agent or lessee, if such notification be not complied with within thirty days of the service of such notice.

§ 3. A printed copy of this act shall be furnished by the inspector for each work-room of every factory, manufacturing or mercantile house, where persons are employed, who are affected by the provisions of this act, and it shall be the duty of the employer, of the person employed therein, to post and keep posted said printed copy of the law in each room.

This law has had a thorough trial in New York, Pennsylvania and Massachusetts, and there is no doubt of its successful operation. Not only will it to a certain extent protect the public and employes from the danger of tenement-house manufacture, but it will check the growth of the sweat shop system and aid in the development lately noticeable towards the more wholesome conditions of the factory.

The sanitary conditions of the sweat shops are perhaps the most injurious of all the evils of the system. These shops are as a rule in poorly lighted, unventilated rooms, where the light is altogether insufficient for the intense application of the eyes that this work de-

mands and in time serious results are bound to follow. They are underheated in very cold weather and in summer their situation on alleys and back yards amidst the stench of garbage and refuse is unhealthy in the extreme. The rooms are nearly always overcrowded and do in few cases give that amount of breathing space that competent physicians declare is the indispensable minimum for human needs. There are no provisions for proper ventilation, which is so much needed in these shops, where the oxygen is consumed and the air poisoned by the pressers' charcoal irons. Closets are often not provided at all, and never for both sexes.

That women and children are employed in this more than any other large industry, may be seen by turning to the tables in this report.

It has been shown repeatedly that incredible amount of disease is communicated through the clothing made by this system, and it is impossible that it should be otherwise. The public is put in peril not only on account of the lowered vitality of the employées, who working under the unhealthy conditions described are peculiarly liable to succumb to every form of contagious disease, but it is endangered to still greater degree by the location of the shops, which are largely on tenement house premises. These houses are crowded with children of the poorest classes, and the clothing and those working on it are directly exposed to every disease current among them, and infection of all the clothing passing through the employées' hands is almost sure to follow. The process employed necessitates a great deal of handling and a very close relation between the work and the material used. Besides the consumption so general in the shops, these districts are subject to the epidemics of scarlet fever, diphtheria, typhoid and small-pox. When it is considered besides, these means, of spreading contagion, we have a continuous stream of home finishers taking the clothing from the shops into their unhealthy homes where it stays among the children until returned to the shops, sometimes several days later, it will be seen that there is little likelihood that any contagious disease that they have among them will fail to be communicated to the clothing made in the sweat shops. Even in the case of the coat shops, where there is no home finisher, we have the button-hole shops, where the clothing of a whole neighborhood is brought together and the risk of infection considerably increased.

In 1894 when small-pox was raging in Chicago in its most virulent form, the Bohemian sweat shop district was the most stricken part of the city. The reports of this department show that the manufacture of clothing was unabated, even at a time when there was scarcely a tenement house without its case of small-pox, thousands of garments were turned out under these conditions to be distributed among the stores of Chicago and sent out over the country and into every town and county in this State. Yet nothing has been done since that time to enable the authorities to stamp out this constant

source of contagion and disease among the people of this State. The present law is at best an attempt to cure, while what is needed is preventable measures that will prevent.

I would recommend favorable consideration of the following bake shop law:

The general public has very little idea of the conditions under which some bread stuffs are made. Many of the bake shops are located in cellars or basement rooms and are in a filthy condition. It appears to be the custom in many places to utilize these rooms for lodging places as well as for the preparation of food products.

I would advise that the inspection of bake shops of this character be put under the supervision of the inspector of factories and work shops and some stringent law be passed to remedy existing evils. It is but a just demand from the public at large to know that the food which they buy is made with clean hands and under good sanitary conditions and that the employes should be protected from the extreme and unbearable heat and filthy cellars.

An act to provide for the regulation of bakeries and confectioneries and to provide for the enforcement thereof:

SECTION 1. Drainage and Plumbing of Buildings and Rooms Occupied by Bakeries—All buildings and rooms occupied as biscuit, bread, pie or cake bakeries, shall be drained or plumbed in a manner conducive to the proper and healthy sanitary condition thereof, and shall be constructed with air shafts, windows or ventilating pipes, sufficient to insure ventilation. The factory inspector may direct the proper drainage, plumbing and ventilation of such rooms or buildings. No cellar or basement, not now used for a bakery shall hereafter be so occupied or used, unless the proprietor comply with the sanitary provisions of this article.

§ 2. **Requirements as to Rooms, Furniture, Utensils and Manufactured Products**—Every room used for the manufacture of flour or meal food products shall be at least eight feet in height and shall have, if deemed necessary by the factory inspector, an impermeable floor constructed of cement, or of tiles laid in cement, or an additional flooring of wood properly saturated with linseed oil. The side walls of such rooms shall be plastered or wainscoted. The factory inspector may require the side walls and ceiling to be whitewashed at least once in three months. He may also require the wood work of such walls to be painted. The furniture and utensils shall be so arranged as to be readily cleansed and not prevent the proper cleaning of any part of a room. The manufactured flour or meal food products shall be kept in dry and airy rooms, so arranged that the floors, shelves and all other facilities for storing the same can be properly cleaned. No domestic animals, shall be allowed to remain in a room, used as a biscuit, bread, pie or cake bakery, or any room in such bakery where flour or meal products are stored.

§ 3. **Wash rooms, Closets and Sleeping Places**—Every such bakery shall be provided with a proper wash room, and water closets apart from the bake-room or rooms where the manufacture of such food products is conducted, and no water closet, earth closet, privy or ash pit shall be within or connected directly with the bake room of any bakery, hotel or public restaurant. No person shall sleep in a room occupied as a bake room. Sleeping places for the persons employed in the bakery shall be separate from the rooms where flour or meal food products are manufactured or stored. If the sleeping rooms are on the same floor, where such products are manufactured, stored or sold, the factory inspector may inspect and order them put in a proper sanitary condition.

§ 4. Inspection of Bakeries—The factory inspector shall cause all bakeries to be inspected. If it be found upon such inspection that the bakeries so inspected are constructed and conducted in compliance with the provisions of this chapter, the factory inspector shall issue a certificate to the persons owning or conducting such bakeries.

§ 5. Notice Requiring Alterations—If, in the opinion of the factory inspector, alterations are required in or upon premises occupied and used as bakeries, in order to comply with the provisions of this article, a written notice shall be served by him upon the owner, agent, or lessee of such premises, either personally or by mail, requiring such alterations to be made within 60 days after such service, and such alterations shall be made accordingly.

§ 6. Any person who violates any of the provisions of this act, or refuses to comply with any requirements as provided herein of the factory inspector or his deputies who are hereby charged with the enforcement of this act, shall be guilty of a misdemeanor, and on conviction shall be punished by a fine of not less than twenty (20) nor more than fifty (50) dollars for the first offense, and not less than fifty (50) nor more than one hundred (100) dollars for the second offense, or imprisonment for not more than ten (10) days; and for a third offense by a fine of not less than two hundred and fifty (250) dollars and more than thirty (30) days of imprisonment.

PRESENT LAWS ENFORCED BY THIS DEPARTMENT.

COPY OF PRESENT FACTORY INSPECTION LAWS.

An act to regulate the employment of children in the State of Illinois, and to provide for the enforcement thereof.

SECTION 1. *Be it Enacted by the People of the State of Illinois, represented in the General Assembly:* That no child under the age of 14 years shall be employed, permitted or suffered to work for wages at any gainful occupation hereinafter mentioned.

§ 2. It shall be the duty of every person, firm or corporation, agent or manager of any firm or corporation employing minors in any mercantile institution, store, office, laundry, manufacturing establishment, factory or workshop within this State to keep a register in said mercantile institution, store, office, laundry, manufacturing establishment, factory or workshop in which said minors shall be employed or permitted or suffered to work, in which register shall be recorded the name, age and place of residence of every child employed or permitted or suffered to work therein under the age of 16 years, and it shall be unlawful for any person, firm or corporation, agent or manager of any firm or corporation to hire or employ, or to permit or to suffer to work in any mercantile institution, store, office, laundry, manufacturing establishment, factory or workshop, any child under the age of 16 years and over the age of 14 years, unless there is first provided and placed on file in such mercantile institution, store, office, laundry, manufacturing establishment, factory or workshop an affidavit made by the parent or guardian stating the name, date and place of birth of such child. If such child shall have no parent or guardian, then such affidavit shall be made by the child. And the register and affidavits herein provided for shall, on demand, be produced and shown for inspection to the State Factory Inspector, Assistant State Factory Inspector, or Deputy State Factory Inspector.

§ 3. Every person, firm or corporation, agent or manager of a corporation employing, or permitting or suffering to work, children under the age of 16 years and over the age of 14 years, in any mercantile institution, store, office, laundry, manufacturing establishment, factory or workshop shall post, and keep posted in a conspicuous place in every room in which such help is employed, or permitted or suffered to work, a list containing the name, age and place of residence of every person under the age of 16 years employed, permitted or suffered to work in such room.

§ 4. No person under the age of 16 years shall be employed or suffered to work for wages at any gainful occupation more than 60 hours in one week, nor more than ten hours in any one day. All establishments subject to factory inspection, where girls and women are employed, shall provide suitable seats, for the use of such girls and women, and they shall be permitted the use of such seats when not necessarily engaged in their active duties.

§ 5. The presence of any person under 16 years of age in any manufacturing establishment, factory or workshop shall constitute *prima facie* evidence of his or her employment therein.

§ 6. No child under the age of 16 years shall be employed or permitted or suffered to work by any person, firm or corporation in this State at such extra hazardous employment, whereby its life or limb is in danger, or its health is likely to be injured, or its morals may be depraved.

§ 7. It shall be the duty of the State Factory Inspector to enforce the provisions of this act, and to prosecute all violations of the same before any magistrate or any court of competent jurisdiction in this State. It shall be the duty of the State Factory Inspector, Assistant State Factory Inspector, and of the Deputy State Factory Inspector, under the supervision and direction of the State Factory Inspector, and they are hereby authorized and empowered to visit and inspect, at all reasonable times, and as often as possible, all places covered by this act.

§ 8. The words "manufacturing establishments," "factory" or "workshop," as used in this act, shall be construed to mean any place where goods or products are manufactured or repaired, dyed, cleaned or assorted, stored or packed, in whole or in part, for sale or for wages, and not for personal use of the maker, or his or her family or employer.

§ 9. Any person, firm or corporation, agent or manager, superintendent or foreman, of any firm or corporation, who, whether for himself or for such firm or corporation, or by himself or through sub-agents or foreman, superintendent or manager, shall violate or fail to comply with any of the provisions of this act, or shall refuse admittance to premises or otherwise obstruct the factory inspector or deputy factory inspectors in the performance of their duties, as prescribed by this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than \$10 nor more than \$100, or imprisonment in the county jail not less than ten days nor more than 30 days, for each offense, or both fine and imprisonment, in the discretion of the court, and shall stand committed until such fine and costs are paid.

An act to regulate the manufacture of clothing, wearing apparel and other articles in this State, and to provide for the appointment of State inspectors to enforce the same and to make an appropriation therefor.

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly:* That no room or rooms, apartment or apartments in any tenement or dwelling house used for eating or sleeping purposes, shall be used for the manufacture, for sale in whole or in part, of coats, vests, trousers, knee-pants, overalls, cloaks, shirts, ladies' waists, purses, feathers, artificial flowers or cigars, except by the immediate members of the family living therein. Every such workshop shall be kept in a cleanly state, and shall be subject to the provisions of this act; and each of said articles made, altered, repaired or finished in any of such workshops shall be subject to inspection and examination, as hereinafter provided, for the purpose of ascertaining whether said articles, or any of them, or any part thereof, are in a cleanly condition and free from vermin and any matter of an infectious and contagious nature; and every person so occupying or having control of any workshop as aforesaid shall within 14 days from the taking effect of this act, or from the time of beginning of work in any workshop as aforesaid, notify the board of health of the location of such workshop, the nature of the work therein carried on and the number of persons therein employed.

§ 2. If the board of health of any city or said State Inspector finds evidence of infectious or contagious diseases present in any workshop, or in

goods manufactured or in process of manufacture therein, and if said board or inspector shall find said shop in an unhealthy condition, or the clothing and material used therein to be unfit for use, said board or inspector shall issue such order or orders as the public health may require, and the board of health are hereby enjoined to condemn and destroy all such infectious and contagious articles.

§ 3. Whenever it shall be reported to said inspector or to the board of health, or either of them, that coats, vests, trousers, knee-pants, overalls, cloaks, shirts, ladies' waists, purses, feathers, artificial flowers or cigars are being transported to this State, having been previously manufactured, in whole or in part, under unhealthy conditions, said inspector shall examine said goods and the condition of their manufacture, and if, upon such examination, said goods, or any of them, are found to contain vermin, or to have been made in improper places or under unhealthy conditions, he shall make a report thereof to the board of health or inspector, which board or inspector shall thereupon make such order or orders as the public health shall require, and the board of health are hereby empowered to condemn or destroy all such articles.

§ 4. No child under 14 years of age shall be employed in any manufacturing establishment, factory or workshop within this State. It will be the duty of every person, firm or corporation, or agent or manager of any corporation employing children to keep a register, in which shall be recorded the name, birthplace, age and place of residence of every person employed by him, them or it, under the age of 16 years; and it shall be unlawful for any person, firm or corporation, or any agent or manager of any corporation, to hire or employ in any manufacturing establishment, factory or workshop, any child over the age of 14 years and under the age of 16 years, unless there is first provided and placed on file an affidavit made by the parent or guardian, stating the age, date and place of birth of said child; if said child has no parent or guardian, then such affidavit shall be made by the child, which affidavit shall be kept on file by the employer, and which said register and affidavit shall be produced for inspection on demand by the inspector, assistant inspector, or any of of the deputies appointed under this act. The Factory Inspector, assistant inspector and deputy inspectors shall have power to demand a certificate of physical fitness from some regular physician of good standing, in case of children who may appear to him or her physically unable to perform the labor at which they may be engaged, and shall have power to prohibit the employment of any minor that can not obtain such a certificate.

§ 5. The words "manufacturing establishment," "factory" or "workshop," wherever used in this act, shall be construed to mean any place where goods or products are manufactured or repaired, cleaned or sorted, in whole or in part, for sale, or for wages. Whenever any house, room or place is used for the purpose of carrying on any process of making, altering, repairing or finishing for sale, or for wages, any coats, vests, trousers, knee pants, overalls, cloaks, shirts, ladies' waists, purses, feathers, artificial flowers or cigars or any wearing apparel of any kind whatsoever, intended for sale, it shall within the meaning of this act, be deemed a workshop for the purpose of inspection. And it shall be the duty of every person, firm or corporation to keep a complete list of all such workshops in his, their or its employ, and such lists shall be produced for inspection on demand by the Board of Health or any of the officers thereof, or by the State Inspector, Assistant Inspector, or any of the deputies appointed under this act.

§ 6. Any person, firm or corporation who fails to comply with any provision of this act, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined not less than \$3.00 nor more than \$100.00 for each offense.

An act to compel the using of blowers upon metal polishing machinery.

SECTION 1. Be it enacted by the people of the State of Illinois represented in the General Assembly: That all persons, companies or corporations operating any factory or workshop where emery wheels or emery belts of any description are used, either solid emery, leather, leather covered, felt, can-

vas, linen, paper, cotton, or wheels or belts rolled coated with emery or corundum or cotton wheels used as buffs, shall provide the same with blowers, or similar apparatus, which shall be placed over, beside or under such wheels or belts in such a manner as to protect the person or persons using the same from the particles of dust produced and caused thereby, and to carry away the dust arising from or thrown off by such wheels or belts while in operation directly to the outside of the building or to some receptacle placed so as to receive and confine such dust. Provided that grinding machines upon which water is used at the point of the grinding contact shall be exempt from the provisions of this act, and provided, this shall not apply to small shops employing not more than one man in such work.

§ 2. It shall be the duty of any person, company or corporation operating any such factory or workshop to provide or construct such appliances, apparatus, machinery or other things necessary to carry out the purpose of this act, as set forth in the preceding section, as follows: each and every such wheels shall be fitted with a sheet of cast iron hood or hopper of such form and so applied to such wheel or wheels that the dust or refuse therefrom will fall from such wheels or will be thrown into such hood or hopper by centrifugal force and be carried off by the current of air into a suction pipe attached to same hood or hopper.

§ 3. Each and every such wheel 6 inches or less in diameter shall be provided with a 3-inch suction pipe; wheels 6 inches to 24 inches in diameter with 4-inch (such) suction pipe; wheels from 24 inches to 36 inches in diameter with 5-inch suction pipe; and all wheels larger in diameter than those stated above shall be provided each with a suction pipe not less than 6 inches in diameter. The suction pipe from each wheel, so specified, must be full size to the main trunk suction pipe, and the main suction pipe to which smaller pipes are attached shall, in its diameter and capacity, be equal to the combined area of such smaller pipes attached by the same, and the discharge pipe from the exhaust fan, connected with such suction pipe or pipes, shall be as large or larger than the suction pipe.

§ 4. It shall be the duty of any person, company or corporation operating any such factory or workshop to provide the necessary fans or blowers to be connected with such pipe or pipes, as above set forth, which shall be run at a rate of speed as will produce a velocity of air in such suction or discharge pipes of at least 9,000 feet per minute to an equivalent suction or pressure of air equal to raising a column of water not less than five inches in a U-shaped tube. All branch pipes must enter the main trunk pipe at an angle of 45 degrees or less, the main suction or trunk pipe shall be below the emery or buffing wheels and as close to the same as possible, and to be either upon the floor or beneath the floor on which the machines are placed to which such wheels are attached. All bends, turns, or elbows in such pipes must be made with easy, smooth surfaces, having a radius in the throat of not less than two diameters of the pipe on which they are connected.

§ 5. It shall be the duty of any factory inspector, sheriff, constable or prosecuting attorney of any county in this State in which any such factory or workshop is situated, upon receiving notice in writing signed by any person having knowledge of such facts, accompanied by the sum of \$1 as compensation for his services, that such factory or workshop is not provided with such appliances as herein provided for, to visit any such factory or workshop and inspect the same, and for such purpose they are hereby authorized to enter any factory or workshop in this State during working hours, and upon ascertaining the facts that the proprietors or managers of such factory or workshop have failed to comply with the provisions of this act, to make complaint of the same in writing before a justice of the peace or police magistrate having jurisdiction, who shall thereupon issue his warrant, directed to

the owner, manager or director in such factory or workshop, who shall be thereupon proceeded against for the violation of this act as hereinafter mentioned, and it is made the duty of the prosecuting attorney to prosecute all cases under this act.

§ 6. Any such person or persons or company, or managers, or directors of any such company or corporation who shall have the charge or management of such factory or workshop, who shall fail to comply with the provisions of this act, shall be deemed guilty of a misdemeanor, and, upon conviction thereof before any court of competent jurisdiction, shall be punished by a fine of not less than \$25 and not exceeding \$100.

STATISTICAL TABLES.

The following table will show the result of inspections for the year 1902:

Total number of establishments inspected.....	19,558
Number of places inspected for child labor	19,538
Number of inspections for metal polishing wheels.....	23
Number of places inspected outside of Cook county	2,943
Number of cities and towns visited outside of Cook county.....	126
Number of places inspected in Cook county	15,582
Number of second inspections.....	2,126
Total number of inspections.....	21,684
Employés in Chicago and Cook county—	
Number of males over 16 years old.....	377,912
Number of females over 16 years of age	52,259
Number of males under 16 years of age.....	8,595
Number of females under 16 years of age.....	6,468
Total number of employés in Chicago and Cook county.....	375,332
Employés outside of Cook county—	
Number of males over 16 years of age.....	115,737
Number of females over 16 years of age	16,088
Number of males under 16 years of age.....	2,972
Number of females under 16 years of age.....	302
Total number of employés outside of Cook county.....	128,379
Number of employés—	
Number of males over 16 years of age.....	393,650
Number of females over 16 years of age	68,347
Number of males under 16 years of age.....	11,568
Number of females under 16 years of age.....	7,367
Total number of employés found at work in the 19,558 establishments in the State.....	511,902

The following tables show the increase in labor as compared with the number of inspections from 1893 to 1902, inclusive:

	Places in- spected.....	Men em- ployed.....	Women em- ployed.....	Children em- ployed.....	Total em- ployed.....	Per cent of children...
1902.....	19,535	393,650	99,027	19,225	511,902	3.7
1901.....	17,209	369,804	94,529	19,839	484,172	4.1
Increase.....	2,326	23,846	4,498	27,730	
Decrease.....				614		
1902.....	19,535	393,650	99,027	19,225	511,902	3.7
1900.....	15,171	336,758	81,578	14,356	432,692	3.3
Increase.....	4,364	56,892	17,449	4,869	79,210	
1902.....	19,535	393,650	99,027	19,225	511,902	3.7
1899.....	15,575	327,188	71,240	13,546	412,074	3.3
Increase.....	3,960	66,462	27,787	5,579	99,828	
1902.....	19,535	393,650	99,027	19,225	511,902	3.7
1898.....	10,797	273,781	59,431	11,845	351,067	3.3
Increase.....	8,738	113,869	39,596	7,380	160,845	
1902.....	19,535	393,650	99,027	19,225	511,902	3.7
1897.....	11,703	208,945	52,067	9,259	270,271	3.4
Increase.....	7,832	184,705	46,960	9,966	241,631	
1902.....	19,535	393,650	99,027	19,225	511,902	3.7
1896.....	6,707	162,019	30,781	7,340	200,140	3.7
Increase.....	12,828	231,631	68,246	11,885	311,762	
1902.....	19,535	393,650	99,027	19,225	511,902	3.7
1895.....	4,540	151,075	30,670	8,624	190,369	4.5
Increase.....	14,995	242,575	68,357	10,601	321,533	
1902.....	19,535	393,650	99,027	19,225	511,902	3.7
1894.....	3,440	97,600	24,335	8,130	130,065	6.2
Increase.....	16,095	296,050	74,692	11,095	381,837	
1902.....	19,535	393,650	99,027	19,225	511,902	3.7

Totals.....	19,535	7,367	11,868	69,027	393,650	19,225	511,902	3.7	37	27

The following is a table of comparison between the years 1901 and 1902:

	Number of places inspected for child labor	Number of girls under 16 years of age	Number of boys under 16 years of age	Total number of men employed	Total number of women employed	Total number of children employed	Total number of employes	Per cent of children
1902	19,535	7,967	11,868	393,650	99,027	19,225	511,902	3.7
1901	17,309	7,682	12,157	369,804	94,529	19,839	484,172	4.1
Increase	2,226			23,846	4,498		27,730	
Decrease		315	289			614		

The following table shows the comparison against the year 1896, which shows an increased scope of inspection and work done under the act of 1897, and is compared against 1896, because the previous reports of this department for the past five years show a great increase in number of children found employed in Illinois, and are misleading unless it is taken into consideration that previous to 1897 the jurisdiction of this department was limited to the inspection of factories and workshops. All figures previous to 1897 merely show the children employed in factories and workshops, whereas the aggregate number of children employed as shown in the reports of 1897, 1898, 1899, 1900, 1901, and 1902, include children employed in all stores, offices, mercantile institutions, laundries, etc., in addition to factories and workshops.

Increased field of inspections since 1896: Stores, offices, mercantile institutions, laundries, manufacturing establishments, etc.—in Chicago and Cook county—

	Total number of places inspected	Total number of girls between 14 and 16	Total number of boys between 14 and 16	Total number of women	Total number of men	Total number of children	Total number of employes
Jewelry	104	3	47	221	1,267	50	1,538
Laundries	338	240	40	3,988	1,816	290	6,084
